...IS A SCIENTIFICALLY PROVEN
ANTI-INFLAMMATORY AND ANALGE-
SIC HOOF PACKING REDUCES PAIN,
INFLAMMATION AND TRAUMA
WITHIN THE TISSUES OF THE FOOT
OF THE EQUINE ATHLETE.

MAGIC CUSHION HAS BEEN PROVEN EFFI-
CACIOUS IN PROVIDING RELIEF FROM THE
SORENESS RESULTING FROM THE EVERYDAY
RIGORS OF TRAINING, LAMINITIS, WHITE
LINE DISEASE, PEDAL OSTEITIS, ABSCESSSES,
NAVICULAR SYNDROME, BRUISING, CORNS,
CANKER AND ANY CONCUSSIVE TRAUMA TO
THE HOOF TISSUES.

MAGIC CUSHION CAN BE USED UNDER A
PROTECTIVE PAD OR SIMPLY APPLY IT WITH A
WRAP. IDEALLY, IT IS FORMULATED FOR USE
AFTER A HARD WORK OR THE DAY BEFORE
AND ALL THE DAYS OF ATHLETIC EVENTS.

MAGIC CUSHION IS A NATURAL PRODUCT
AND WILL NOT TEST POSITIVE IN ANY EQUINE
ATHLETIC DISCIPLINE.

INITIAL THERMOGRAPH

This is the initial infrared thermograph taken of both front feet of an equine athlete in training. This thermograph depicts large areas of increased thermal gradients throughout the tissues.

FOLLOW-UP THERMOGRAPH

This thermograph was taken after three applications of Magic Cushion three days in a row during a normal training regimen. Results indicate a 70% reduction of the thermal gradients within the tissues.
